## Qualification details

### Qualification description

Interested in first aid certification? The HLTAID011 Provide First Aid Course is nationally recognized and valid for three years. Remember to renew your CPR unit annually. To start, you need a unique student identifier (USI), easily obtained with your driver's license or Medicare number. This course follows the Australian Resuscitation Council Guidelines for up-to-date CPR training.

### The course covers these essential units:

- **HLTAID011 Provide First Aid**
- **HLTAID009 Provide Cardiopulmonary Resuscitation**
- **LTAID010 Provide Basic Emergency Life Support (BELS)**

This course is not just for personal use; it's a recognized first aid course that meets workplace needs. It includes everything you need to provide first aid professionally. If your job needs official first aid certification, this course is for you.

### WHAT YOU'LL LEARN

HLTAID011 Provide First Aid is a comprehensive training course that equips you with essential skills to manage a variety of emergency situations with confidence. In this first aid course, you will learn essential emergency response skills, including wound dressing, using an Epi-Pen, the recovery position, basic life support, and reporting emergencies to responders. The course will also teach you how to safely manage:

- **Vomiting**
- **Choking**
- **Asthma**
- **Bleeding**
- **Anaphylaxis**
- **Shock**
- **Broken bones**
- **Dislocations, fractures, sprains, and strains**

Our comprehensive first aid course will equip you with the necessary skills and knowledge to handle emergency first aid situations like a pro!

**Certification upon successful completion of enrolment, training and assessment. Competent learners receive a Statement of Attainment for HLTAID011 Provide First Aid (valid for 3 years) which includes:**

- **HLTAID009 Provide cardiopulmonary resuscitation (valid for 12 months)**
- **HLTAID011 Provide First Aid (valid for 3 years)**
- **HLTAID010 Provide basic emergency life support.**
